

Product documentation

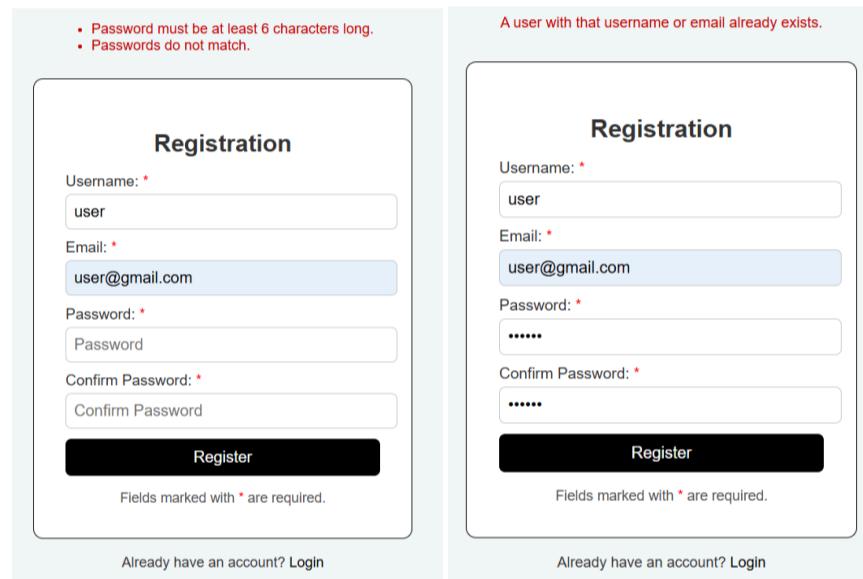

Registration

- This page allows the user to create a new account.
- The user must enter a username, email, and password to complete the registration.

A screenshot of a registration form titled "Registration". The form contains four input fields: "Username" (marked with *), "Email" (marked with *), "Password" (marked with *), and "Confirm Password" (marked with *). Below the fields is a "Register" button. At the bottom of the form, a note states "Fields marked with * are required." At the very bottom of the page, there is a link "Already have an account? Login".

- If any information is invalid, the page displays simple error messages.

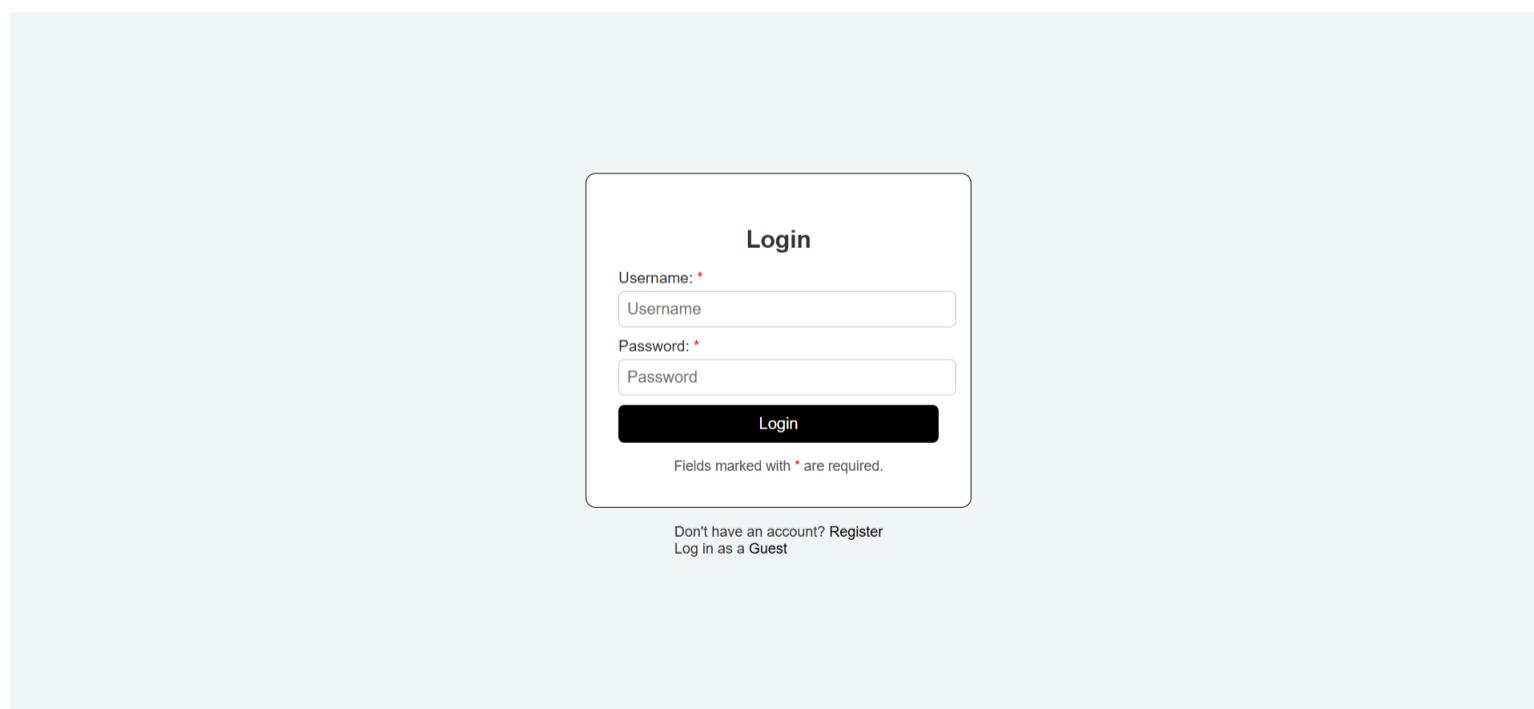

Two screenshots of the registration form showing validation errors:

- The left screenshot shows errors for both the "Email" and "Confirm Password" fields: "Password must be at least 6 characters long." and "Passwords do not match."
- The right screenshot shows an error for the "Email" field: "A user with that username or email already exists."

Both forms include the same layout: "Registration" title, input fields, "Register" button, and "Fields marked with * are required." note. They also feature a "Login" link at the bottom.

Login

- This is the login page of the website.
- If you don't have an account, you can go to the registration page.
- You can also continue as a guest.

A screenshot of a login form titled "Login". It has two input fields: "Username" (marked with *) and "Password" (marked with *). Below the fields is a "Login" button. At the bottom of the form, a note states "Fields marked with * are required." At the very bottom of the page, there are links "Don't have an account? Register" and "Log In as a Guest".

- If the entered username or password is incorrect, the page displays an error message.

Invalid username or password.

Koko!

Sidebar

- The sidebar is located on the left side of the page.
- A guest sees "Guest" instead of a username and can only access the Forum page (other links redirect to the Dashboard).

Guest

Profile
Forum
My Posts

- A regular user sees their own username and can navigate to all available pages.

user

Profile
Forum
My Posts

- An admin or owner also sees an additional "Admin" section that is only available to them.

My Posts
Admin

Header

- A guest sees the "Add a post" and "Login" buttons (clicking "Add a post" redirects to the dashboard).

Discussion Forum

Add a post Login

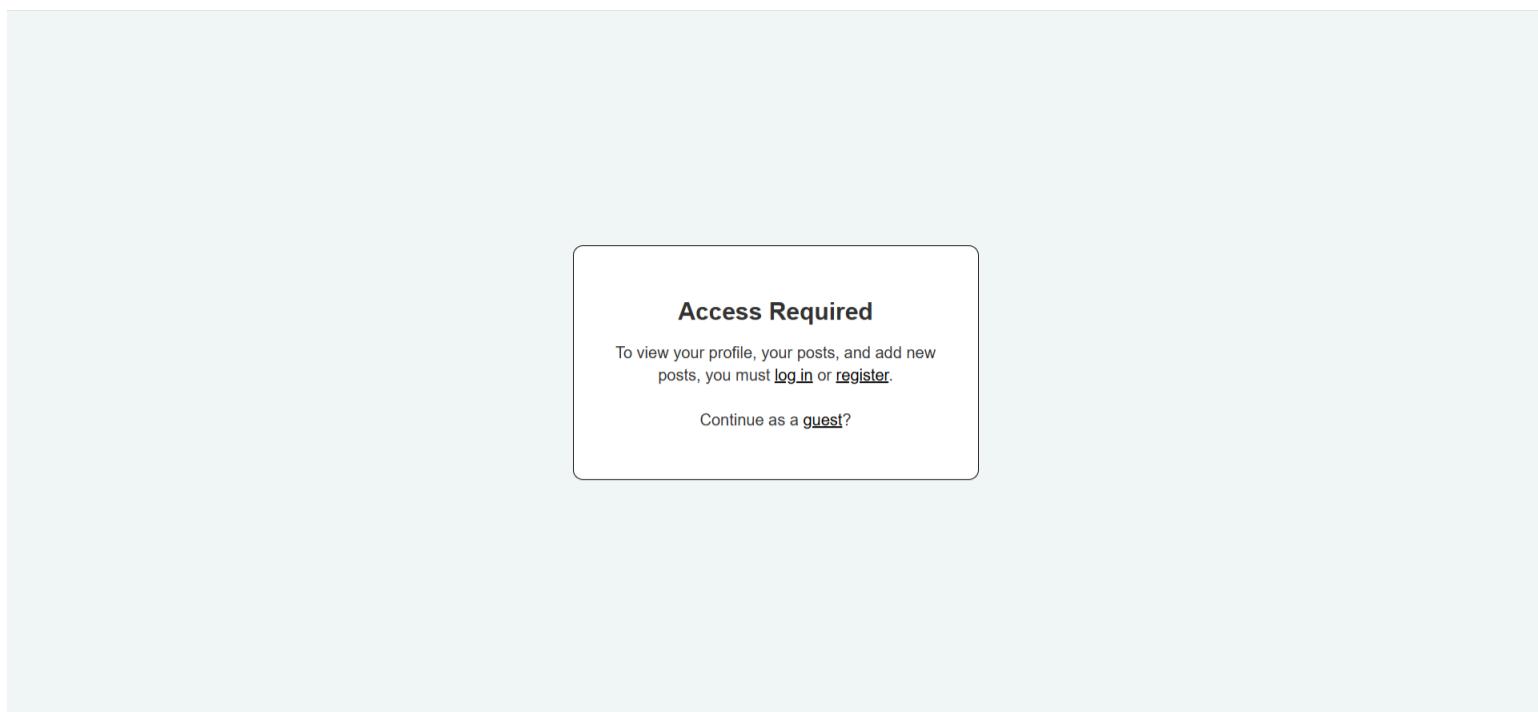

- A logged-in user sees "Add a post" and "Logout" instead of the login option.

Discussion Forum

Add a post Logout

Dashboard

- The dashboard informs the user that they must log in or register to access restricted pages.

My Posts

- On this page, the user sees only their own posts and can delete them.

Profile

- The profile page shows the user's basic information, including their username, join date, email, total posts, and role.

A large, circular, gray placeholder icon representing a user profile picture.

user

Joined: 30.11.2025 21:25

Total Posts: 8

Email: user@gmail.com

Role: user

- This section allows the user to update their username or email.

Update Profile

Username: * Email: * [Update Profile](#)

Fields marked with * are required.

- This section allows the user to upload a new avatar or delete the current one.

Update Avatar

New avatar (JPG, JPEG, PNG, GIF (2MB)): No file chosen

Delete Avatar

- This section allows the user to change their password by entering the current one and setting a new one.

Change Password

Current password: * New password: * Confirm new password: *

Fields marked with * are required.

Admin Panel

- Only users with the admin role or the owner role have access to the Admin Panel.
- The panel displays a list of all users ordered by their ID, showing their username, email, role, and number of posts.
- The owner can delete users, remove admin rights, or promote users to admin.
